The hourly compensation is equal to **€. 25.00** gross of the duties borne by the recipient, defined pursuant to Article 16 of the Regulations concerning teaching assignments. The aforementioned compensation will be charged to funds other than the Ordinary Financing Fund (U.A.A DIP) and will be paid in a single final installment upon completion of the lectures and remaining related activities.

Article 3 – Obligations and Rights of the Appointees

The holders of the teaching assignment have the right to access the University network, online library services, and an email account at Unifi. Access to the aforementioned services and any other service or application necessary for the execution of the teaching activity is guaranteed for the entire duration of the assignment.

Holders of the teaching assignment are required to:

- Personally carry out the teaching activities, respecting the timetables agreed upon with the School, and the methods and programs of the teaching module agreed upon with the Degree Course on the basis of educational planning;
- Carry out tutoring and student orientation duties, participate in exam boards for profit evaluation, and the final exam for the attainment of the qualification;

Without prejudice to the priority and full fulfillment of contractual obligations, the holders of the teaching assignment must not find themselves in situations of conflict of interest, even potential, with the University.

The contract is automatically terminated in the event of serious violations of the provisions contemplated by paragraphs 2 and 3, or if the appointee does not start the prescribed activities within the deadline established by the contract itself, or for other justified serious reasons, attributable to the assigned teacher, which jeopardize the entire performance.

The contract is also terminated by law in the cases provided for by the law, or if it becomes objectively impossible to fulfill the performance due to subsequent proven reasons. In this case, the assigned teacher is entitled to compensation equal to the part of the activity actually performed and certified by the head of the competent structure.

Holders of the teaching assignment participate in the Degree Course Councils pursuant to Article 33, paragraph 4-ter, of the University Statute. The stipulation of contracts for teaching activities pursuant to this article does not give rise to rights regarding access to university roles but allows the calculation of any future appointments of those who have held contracts within the scope of the restricted resources referred to in Article 18, paragraph 4, of Law December 30, 2010, no. 240.
